MNN. Aug. 12, 2017. Caucasian sperm counts have fallen by 60%. They will be infertile in three generations. We remember being told in that we were soon dying out. By 2024 we would be no more or totally assimilated.

JUSTIN â??CAMPBELL-SCOTTâ?? TRUDEAU.

Duncan Campbell Scott, Superintendant of Indian Affairs, was in charge of the â??final solution of the Indian problemâ?•. He said in 1924, â??Our objective is to continue until there is not a single Indian in Canadaâ?•, and to â??kill the Indian in the childâ?•.

Their plan for us was complete extermination through various genocide programs.

The present concern over low reproduction has lead to expensiv a massive industry to help conception of those who can afford it.

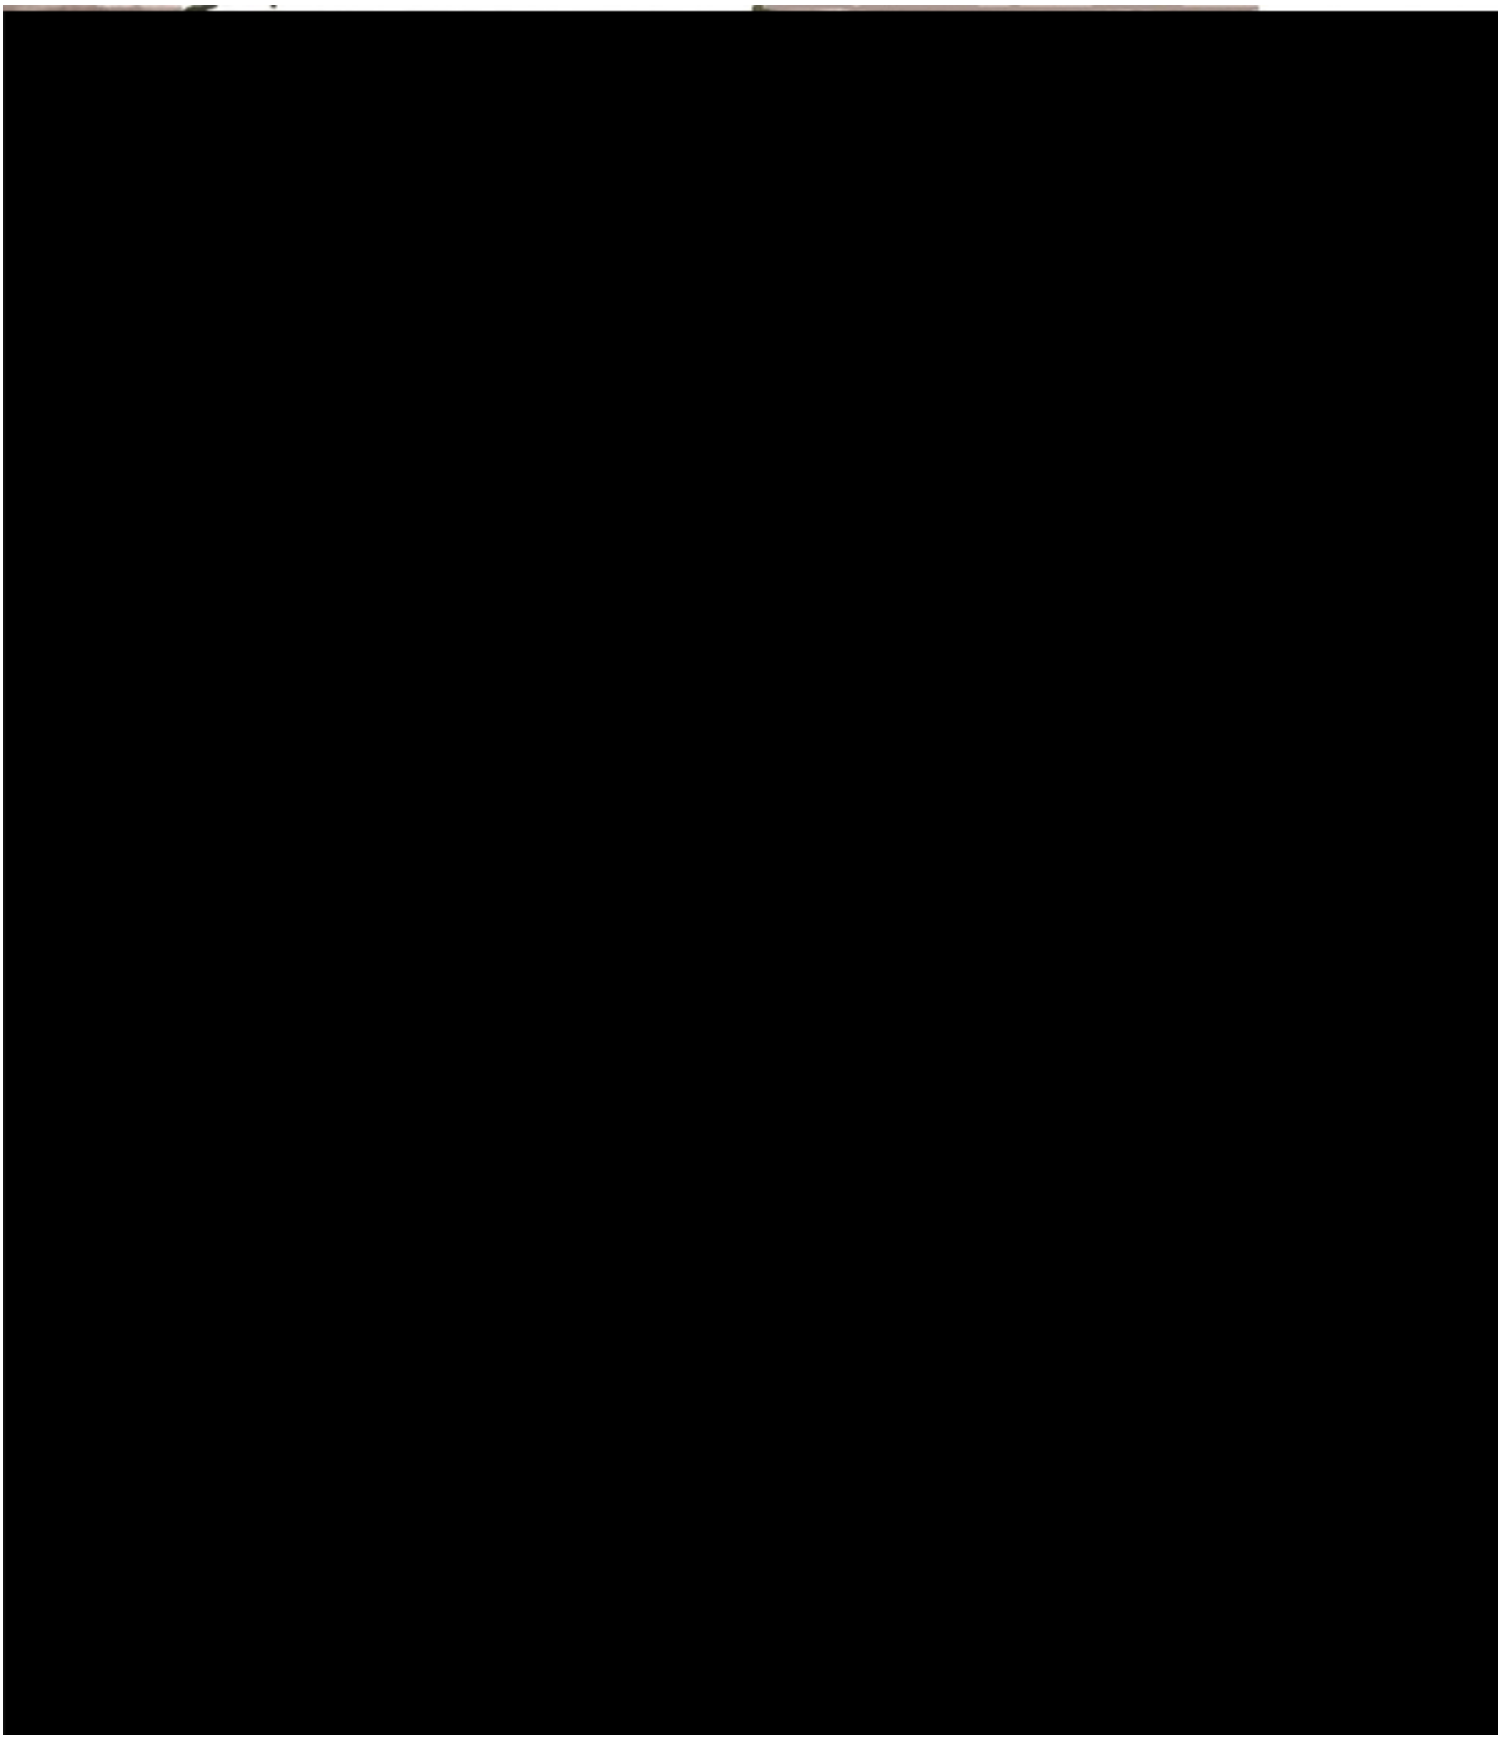
The universe is protecting us. We are where weâ??re supposed to be, continuing to follow the original instructions and to survive.

Natureâ??s payback for genocide, sterilization, pedophilia and other genocide programs. Men have to take Viagra to get it up. Women are on birth control pills or being sterilized. Lots donâ??t want children at all. Many native women were sterilized without our knowledge.



TAKE IT FROM US, REFUGEES AND IMMIGRANTS WONâ??T WORK.

The war on the human body and reproduction meant for us is backfiring.

Assimilation did not work. The Caucasians have to now mix with people of color to survive. Their offspring will not be white.

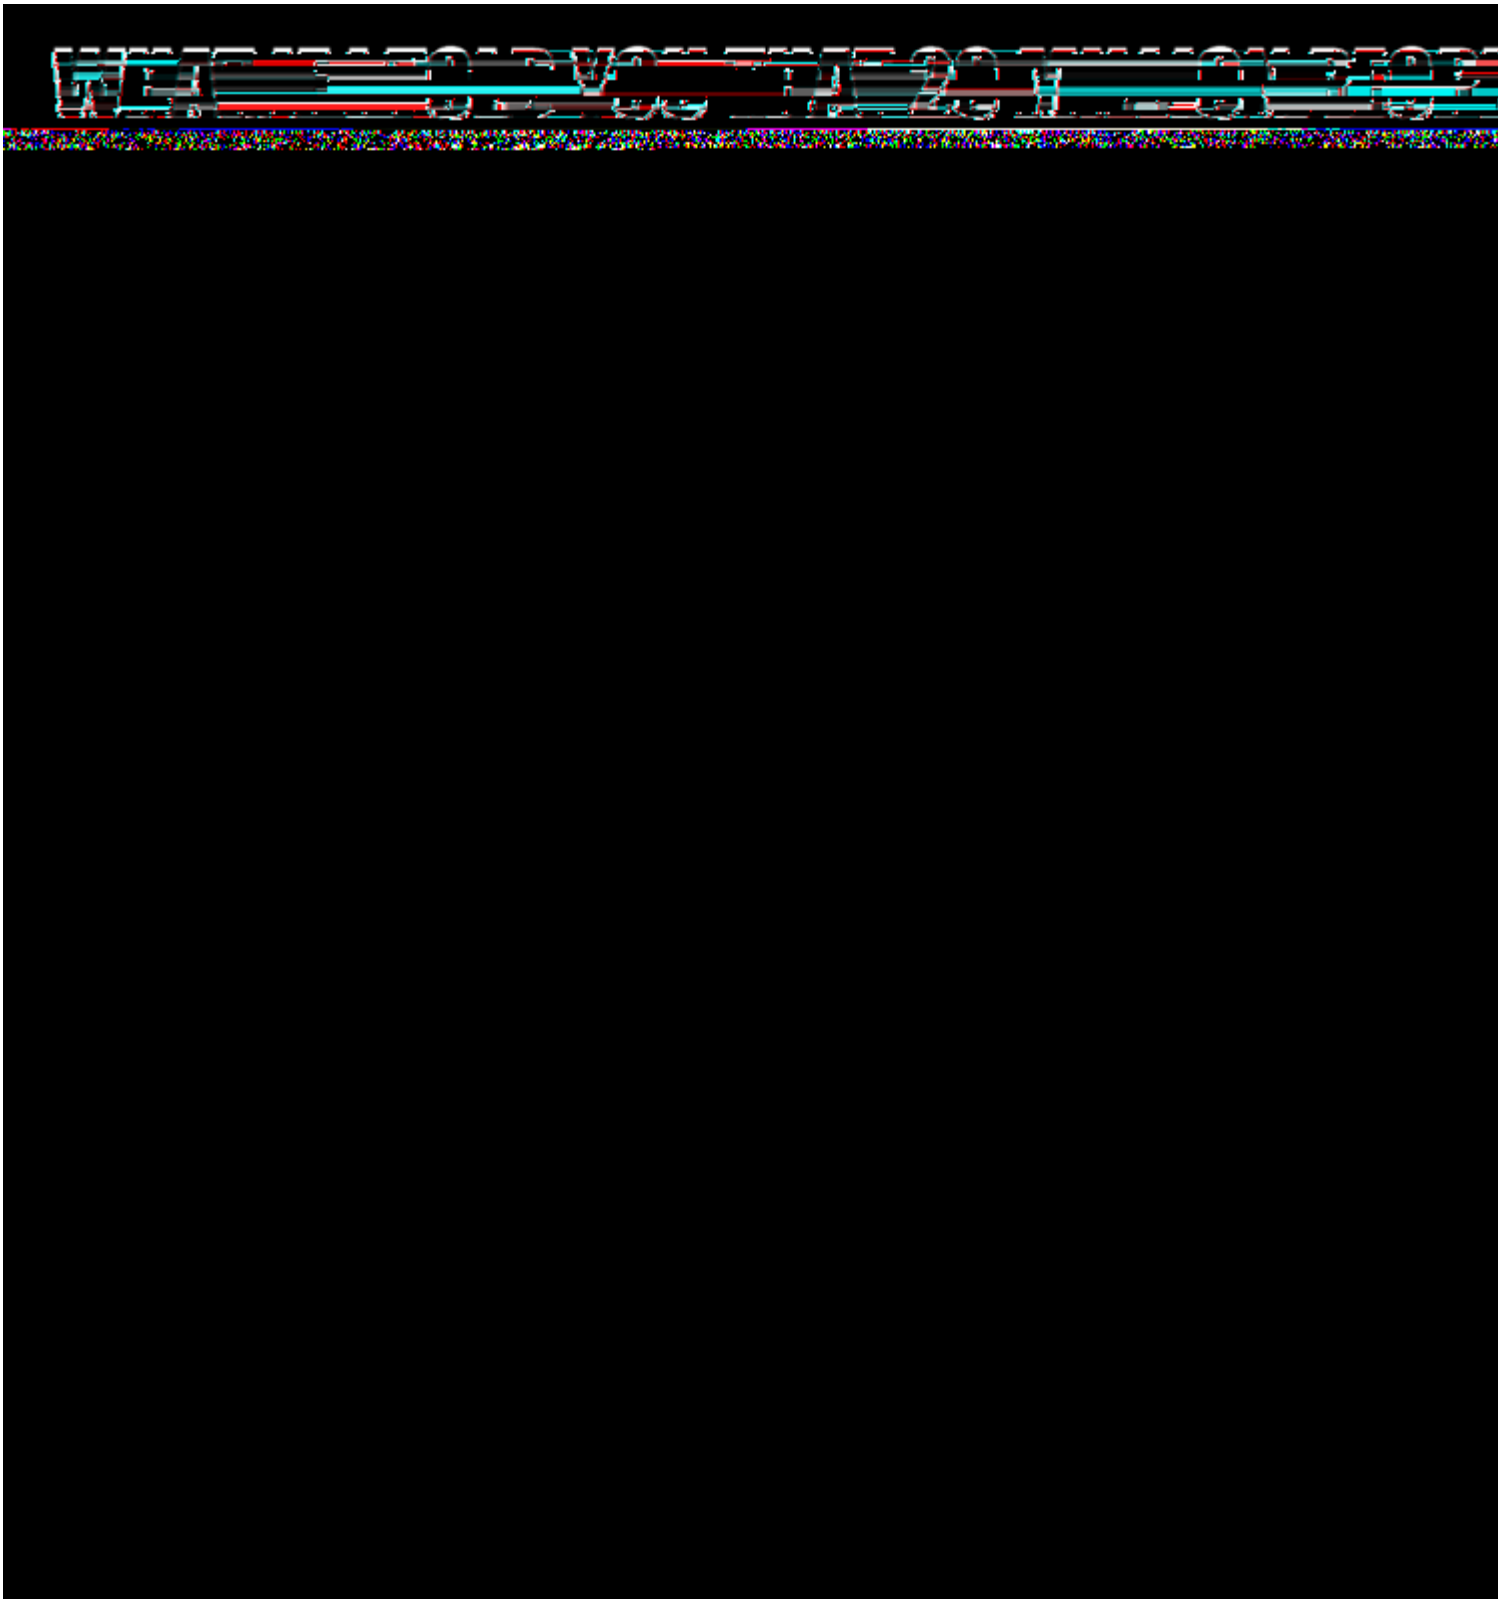
Odd sicknesses were brought here. Extensive healthcare and truckloads of psychiatrists are needed to fix their bodies and minds to help them with the adaptation to the idea of going out of existence.

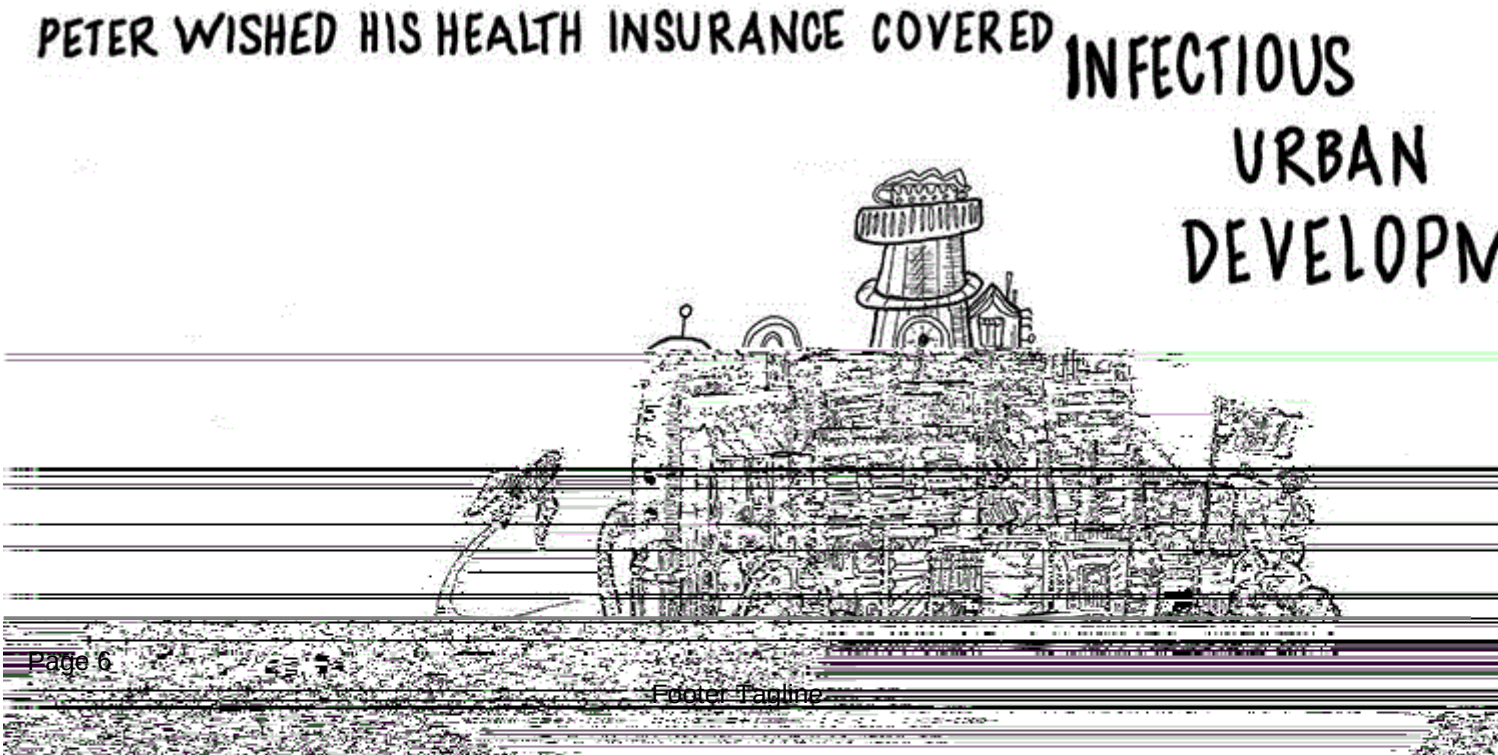


North American society is falling apart. Their infertility will eventually wipe them out never to be seen again by us. They will have no descendants. No heirs.

They have debt ridden lives, sit in offices pretending to be working or planning wars and environmental devastation. They build cities over our graves.

Foreclosures, unemployment, no decent healthcare to keep them alive, no hope, tent cities everywhere, just like the slums they left behind. Vouchers, soup kitchens and food carts feed many.

The US is rotting from the inside. Corporations are designing sicknesses and food with no nutrition or means of fertilization. Fruits and vegetables have no seeds. Pharmacies sell vitamins and minerals to replace dead food.



Their weaknesses as a race requires others to take care of them, and heavy duty infra-structure. They use caretakers, maids, nannies, gardeners and slaves that do everything for them.

A Mohawk of kanehsatake has a scientific explanation for the low sperm count, â??The rich guys wear those tight expensive pants and we wear loose second hand baggy pants we get at the thrift shopâ?•.

The late Glen Campbell sings about the loneliness of the lights dimming out: â??*Like a rhinestone cowboy. Riding out on a horse in a star-spangled rodeo. Like a rhinestone cowboy. Getting cards and letters from people I donâ??t even know. And offers cominâ?? over the phoneâ?•.*
