**CALL TO ACTION: ONE YEAR TO GO!**

**THE GENOCIDE OF INDIGENOUS PEOPLE IS OVER.**

**THE GENOCIDE OF INDIGENOUS PEOPLE IS OVER.**

**99 years ago on Oct. 25, 1924, the Indian Lands Act was enacted as part of the Indian Advancement Act called the â??100 year business planâ?•. Next year is the 100th year when Canada plans to eliminate the Indian problem forever by killing us and taking our land. According to the â??Admiralty Law of the Seasâ?• we are supposed to be signed away. But it might be the perpetrators and their beneficiaries who will be eliminated. Not us.**

**Historically the slaughter of us was wholesale. Those laws passed by the colonists to genocide us are part of Canadian colonial law, which is legalized murder to take everything from us, particularly our lives. The formation of Canada is based on genocide, therefore Canada is illegal. The genocidal policies and laws are made to look legal, but they are not! They cannot be punished for squatting on our land, their â??blood quantumâ?• laws, stealing our land, creating POW camps called â??reservesâ?•, kidnapping our children, doing experiments on them and then murdering and burying them. Our languages and culture were outlawed.!**

**2024 will be the 100th year of their insidious plan for the corporation of Canada to be rid of the â??Indian problemâ?• to incorporate us into the Canadian body politic. Duncan Campbell Scott, the Superintendent of Indian Affairs, called it the â??final solution to the Indian problemâ??. itâ??s a corporate â??business planâ?• disguised as law. The prime minister enforces that law on behalf of the people of Canada. The first remedy may be to have the body of John A. Macdonald disinterred from his grave and shipped back to Scotland where he belongs. All statues and monuments of him can be shipped back home. The onkwehonweh will take our proper seat at the table of nations.**

**Canada thought it was right on target with the â??Framework Agreementâ?• to finalize the annihilation of the indigenous people. With the stroke of their colonial pen, there would have been no more Indians. They think they can force us to become Canadians. But they did not factor in the internet in their planning. Now everyone in the world is watching while this colonial enterprise called â??Canadaâ?• is coming to an end. The whole colonial system will be gone forever. Back to where they came from. The Dominion of Canada will end next year. All our land and resources will be returned to us. Canadians can make this right by becoming a model for the world by adopting the kaianerekowa, the great peace, as the basis for their constitution.**

**Canada is a Nazi project. 700 top Nazis were brought to Canada through â??Operation Paperclipâ?• and placed in high positions within the bureaucracy.**

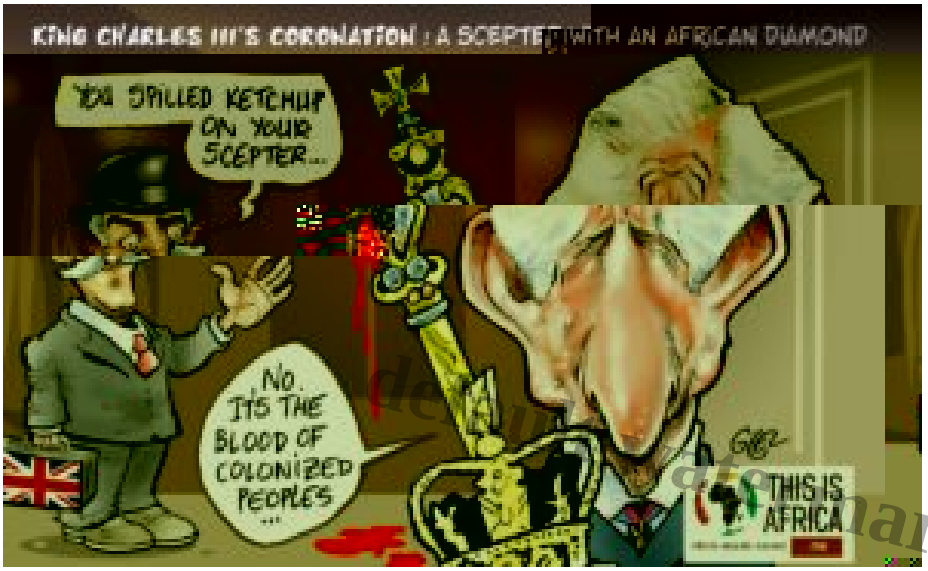
**Canada recently showed its hand by presenting one of its Operation Paperclip heroes, Nazi war criminal Yaroslav Hunka Vet. of Waffen S.S. Every Member of Parliament stood up and gave him several rousing standing ovations, while the world watched. The applause was akin to giving the â??Heil Hitlerâ?? salute. Welcome to Canada! Parliamentarians showed their love and allegiance for the Nazis when the world watched them giving accolades to Hunka.**

**Department of Indian Affairs is a department of the army. Some of us have seen the â??War Roomâ?• on the 14th floor of the DIA in Hull/Ottawa. Their job is to keep the indigenous as prisoners of war because the war for our land has never ended. We want them out of our land. We live under military law which is enforced by the army. The government hopes that we will die out. Our people continue to be disappeared.**

**Those who take an oath to the foreign autocrat King Charles and his corporations [Canada}, ancestors and heirs forever  can either leave on the ship with their masters or they can rescind that oath and take a new one to the onkwehonweh. It is still legal for the government to kill indigenous people. Canadians need to follow the natural law also known as the great peace of**

**this land. Their Admiralty Laws are enacted to protect them from their crimes so the perpetrators will never be held responsible.**

**Canadians want to celebrate the end of the Indian problem which is that they occupy Indian land free of indigenous occupation. They rely on the â??Doctrine of Discovery â?? for their false occupation of our land.**



**The first Prime Minister John A. Macdonald wanted to make us â??whiteâ??. He failed so he set up the â??Indian Planâ?•. Now it is in the hands of prime minister Trudeau and his gaggle and are now the biggest criminals in Canada. They have never condemned these criminal laws and policies. In 2024 they will do it.**

**Mr. Trudeau, I invite you to explain how is it possible to have these genocide laws on the books? You are just another prime minister criminal that we have to deal with. Arenâ??t you and everyone who gets a benefit from the murders of and theft from our people embarrassed by this legislation enacted to kill us?  You and everyone who benefits from these murders is guilty.**

**And then to bring in and praise a Nazi to remind us of who owns the corporation/dominion of Canada. The Admiralty Law and all of their courts are no longer valid because they get their right to exist from the Doctrine of Discovery which never existed in the first place. Canadians got away with murder by classifying us as non human beings with only the rights of an animal.**

**We cannot reconcile with murderers. 2024 will be the best year for us and the worst year for the corporate entity called Canada.**

**Nobel Laureate, Bob Dylan, hammers the message home: *â??Come, you Masters of War. You that build the big guns. You that build the death planes. You that hide behind walls. You that hide behind deaths. I want you to know I can see through your masksâ?¦ I hope that you die and your death will come soon. Iâ??ll follow your casket in the pale afternoon. Iâ??ll watch while youâ??re lowered onto your death bed and iâ??ll stand over your grave till iâ??m sure that yourâ??re dead.***
