MNN. Oct. 4, 2024. The 2022 Gross National Product of the colony of Canada is $2,139,840.000,000 [trillions] for 2022 which all comes from the land of the murdered Indigenous people of turtle island, most of who lie dead in secret graves in turtle island. The invaders brought nothing here from their land. The number of murders is hidden by the usurpers from Europe and their accomplices. One day national leaders will be prosecuted for war crimes by courts. They are all on our shores uninvited by us. They still have plans to extinguish the rest of our rights. Now we can see why it is the army that runs the Department of Indian Affairs and the war for our land is still ongoing as they pillage all of our natural resources to enrich a few. These criminals who believe they are masterminds must answer for the horror they have carried out and plan to continue to inflict on us. They live off the proceeds of one of the bloodiest regimes in human history. Canada, Itâ??s over.

No matter how much apologies they give us, it is meaningless.

Their â??apology programâ?• is somehow to lessen the responsibility of their crime. Canada is a recent invention. 153 years old, a privately owned corporation by the same 13 families that we noticed were running everything on both sides of the fake border they put up on turtle island after the false flag American Revolution. Each municipality of Canada is a private corporation and the trustees are all bankers. Therefore, they own each of the citizens of each municipality outright according to their legalese system. The paupers of Europe stole our lives, possessions and land. Justice will be carried out and there will be punishment for this nightmare that has shackled us.

The human being has the potential to be good and bad. Many need laws to be half way nice because it is not their nature. But all good and bad still benefitted from the crimes. The wrongs are so calculated, malignant and devastating that the world can no longer ignore it. Only the return of the peace will stop it. We shall have peace on earth and itâ??s coming soon. The kaianerekowa will punish them for committing the worst horrors ever. They destroyed us with ruthless brutality.

The genocide is ongoing. The immigrants have in common

that they came here to turtle island with the hope of getting rich on stolen Indian land. They all had ambitions to take our land and to murder us. Their military were behind them.

Today they have us all locked on these reservations. We are strong. We will survive as creation intended.

â??Our object is to continue [their disappearance] until there is not a single Indian in Canadaâ?•. Duncan Campbell Scott. [Indian Affairs]

We want D.C. Scottâ??s body exhumed and returned to his homeland in Scotland where he belongs.

Paul Revere & the Raiders reminds us of the recent past raid of our men, women, children and our mother earth: â??they took the whole cherokee nation, locked us on this reservation. Took away our way of life . . .â?•
