KNOCK, KNOCK, CANADA!

Description

MNN. Sept. 6, 2025. Intruding into our homeland is an â??act of warâ?•. Using our power and authority against these land thieves to protect our land and people is a revolutionary act! The Atikamekw are one of the *Indigenous people in Canada whose* historic territory is the great white north. We are family!

Malcolm X, an African American revolutionary during the civil rights movement in the 1960s, said: â??When you are fighting for your land, it is a revolution. All wars from day one have been over land. The court will take your land violentlyâ?•, which is what the capitalist bloodsuckers did on turtle island. In Kanehsatake in 1990 our people stood up and said â??Noâ?•! All our land has been taken violently and physically. The only thing they fear are the â??warriorsâ?? of Kanehsatake, Ohsweken, Tyendinaga, Akwesasne, Kahnawake, Ganiengeh and all our brother and sisters on turtle island. He said, â??We have to eradicate white thinkingâ?•.

Canada calls taking over our land without telling us is â??developingâ?•

the north, to destroy us and the environment. Their way is to control everything. The indigenous of onowarekeh turtle island are going to be scattered fragments with no self-government. New prime minister of Canada Mark Carney wants to â??redraw the mapâ?• that will show us as having â??disappeared.â?• He will send in the military where unarmed non-violent original people live on native land the size of France. No ambiguity. No doubt the colonists are taking military control of the indigenous land of onowarekeh, dismantling us as they have always done, forcing us into a non-native system of control by the corporate mafia called government. Carneyâ??s Bill C5 takes full control of this trajectory and trickery. Deaths, assaults and threats continue, such as the murder of Joyce Echaquan in Joliet hospital by two nurses. She sent it out on Facebook while she was dying. Humanitarian catastrophes are in full swing.

The loggers, hunters, gangsters, government and corporate agents are circling us. Troops are making their presence known to carry out their orders to mishandle the natives and use force to take us over. They refuse to talk to the traditional people who give them nothing but the truth. The intruding foreign government gives the orders to get the Indians out of their way for development as dictated by the trillionaires on Wall Street. Destabilization and disintegrating indigenous life is the main way to deal with us such as removing the health care system, and interfering with our food source to cause famine. International aid and monitoring groups are not allowed in. The original people live off the land so Interference with the animals and their habitats will lead to starvation.

The military will try to take control of the north, and Indigenous original sovereignty will be disregarded. Within a year construction of housing for the flood of non-native workers, their families and development of corporate projects will destroy the land. They will remove the indigenous presence except for those who join them and sever their connection to the land. Their communities and communication are being broken up. A network of isolated enclaves will be created with no links to the outside world. They will be so far removed no one will remember they existed. This control system will be called â??management control for their own goodâ?•!

The useless UN will do nothing. The late Mad Bear said, â??The UN should be picked up and dropped in the middle of the ocean!â?• Carney has a vision of a â??greater Canadian stateâ?• without our presence. His father Robert Carney ran one of the worst indigenous termination

The government says the disagreement with the Indians and Inuit is just over bad roads, zoning and demography, which they say is only â??temporaryâ?•. The non-natives will not suffer these bad conditions.

To them the indigenous cannot remain as the true land and resource owners as they will have a right to speak up, which is the last thing Carney and his crew want. Intruding gangs are being sent in and will start conflicts with them. Diplomats will be sent up there to lie to the people. Services to them will come and go, mostly non-existent. The indigenous will resist being

removed. They wonâ??t conform. Removing services is one way. Dismantling support is another. Canada is showing them how fearful a full military entry looks! Some of our people will go along with this. Ideology plays an important role. A complete sudden takeover would cause deaths. Canada is willing to pay a high price to shut us up, which has been discussed with their military, industrial complex.

Canada does not want any bad talk about this anywhere. Actions are being taken with no political statements to the people. The assault of the North is on. Ideological rhetoric is intensifying. A sense of inevitability is coming over like a big heavy dark cloud. It is a long term secret project to reconfigure the geography so there is no alternative for us. Itâ??s continued mass murder of our land and people. Canada wants to control this narrative. The minions sit on all the boards to take over the indigenous people and the land.

They are parasites who are living inside host indigenous nations. There will be arguments between our people and the squatters on our land. Their redrawn maps are fake. The false claimers will keep on lying. They follow the money. Those who help them are bigots. Canadaâ??s band councils help our enemies to build walls around us. They are doing the inside job as always.
