MNN. July 30, 2016. Crime and its offshoots are the economic base of corporate America, starting with genocide and theft of our lands and resources. US minds have been readjusted from the natural instinct to survive, to everything being monetized. The rules for the values, life and direction are designed and implemented by the miseducation, religious and mass media system, which are readjustment camps. Americans have â??trainersâ?• who give them the core commands. They are told their boss will love them if they do what theyâ??re told. Otherwise they will insult, threaten, punish and even kill them.

American INDIAN Brainwashing Schools.

People in key positio rcement and court systems, constantly illustrate how Americ rogram is so effective that people are screaming for more.

Like the crime syndicates, enforcers gravitate around the government, incorporating those who are good at beating, killing, collecting money and putting on the muscle to perpetuate the control matrix. They carry out fear, intimidation and the hit if they arenâ??t obeyed or paid. Their home, bank account, kids, car or anything of value will be taken.

Recently a man robbed a restaurant with a knife. No one resisted. People are conditioned to wait for someone to give them the order to do so. If they injure the robber, they might be charged. Corporate rules and regulations discouraged anyone from getting involved.

[Closed minds stop thought crimes].

Guns are being taken away so only the oppressors have them. Resisters can be jailed or shot. Some carry guns behind their car seat. They tell the cops they have a permit to carry it. Millions donâ??t have permits. Chicago cops took guns from people, then gave them to cops in Detroit, who sold them.

Life is make-believe until we get the command. The â??Indian Ringâ?• described how ordinary people were deputized and given the command to mass murder us and take everything we had.

Most Americans are conditioned to submit to martial law. Like the pacified Handsome Lake religions in our communities, they are under the illusion that a super hero will save them. We are being taught not to think for ourselves or to use common sense.

Jim Morrison sings about waiting for the command: *â??Ashen lady, ashen lady, Give up your vows, give up your vows. Save our city, save our city, Right now. â?¦ The futureâ??s uncertain and the end is always near. Let it roll, baby rollâ?•*. [Roadhouse Blues]
