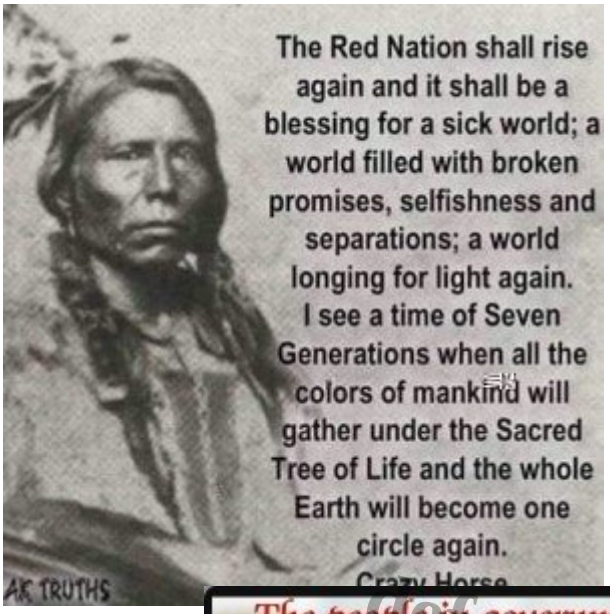
Once everything reverts to our natural languages and ways, the corporate matrix imposed on us will be gone. Our visitors will have to learn our language to communicate and live our natural ways. We have over 30 million colonial settlers in Canada who are not natural to this part of our mother earth. They will have to be unplugged from the matrix.

Happy onkweâ??hon:weh kids!

Justin Trudeau will be the last prime minister of [redacted]. The parliamentary system is nothing more than an illusion of freed[redacted]comes around, it will be over. Their whole neo-colonial play will end.

Their ancestors came in search of freedom from their masters in Europe.



They found ou

default watermark
e the only species who have to pay money to live on earth.

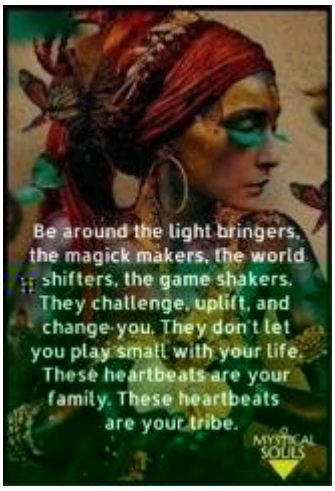
Fake foreign place names will revert to the original onkweâ??hon:weh names that our mother earth naturally answers to. The corporation of Canada has a British language, stolen land and an artificial culture of which the bankers are the gatekeepers.

The politicians are agents of the bankers, No one gets out of the matrix if the bankers have their way.

The UK Brexit vote shows the people are trying to unplug from the matrix.

The bankers will â??be cast down from whence they came for all eternityâ?•.

In the end everyone will bow down to the truth. All the agents will be defeated. Brexit is akin to Neo going into the core of the matrix to end the war. We will have free will to chose love and peace. Brexit is the beginning of the end of the war on our minds.



As Pink Floyd laments: â??Us and themâ?•. *â??Black and blue. Who knows which is which and who is who. Up and down and in the end itâ??s only round and round and round. Down and out, it canâ??t be helped that thereâ??s a lot of it about. With, without, and whoâ??ll deny itâ??s what the fighting is all about.â?•*
