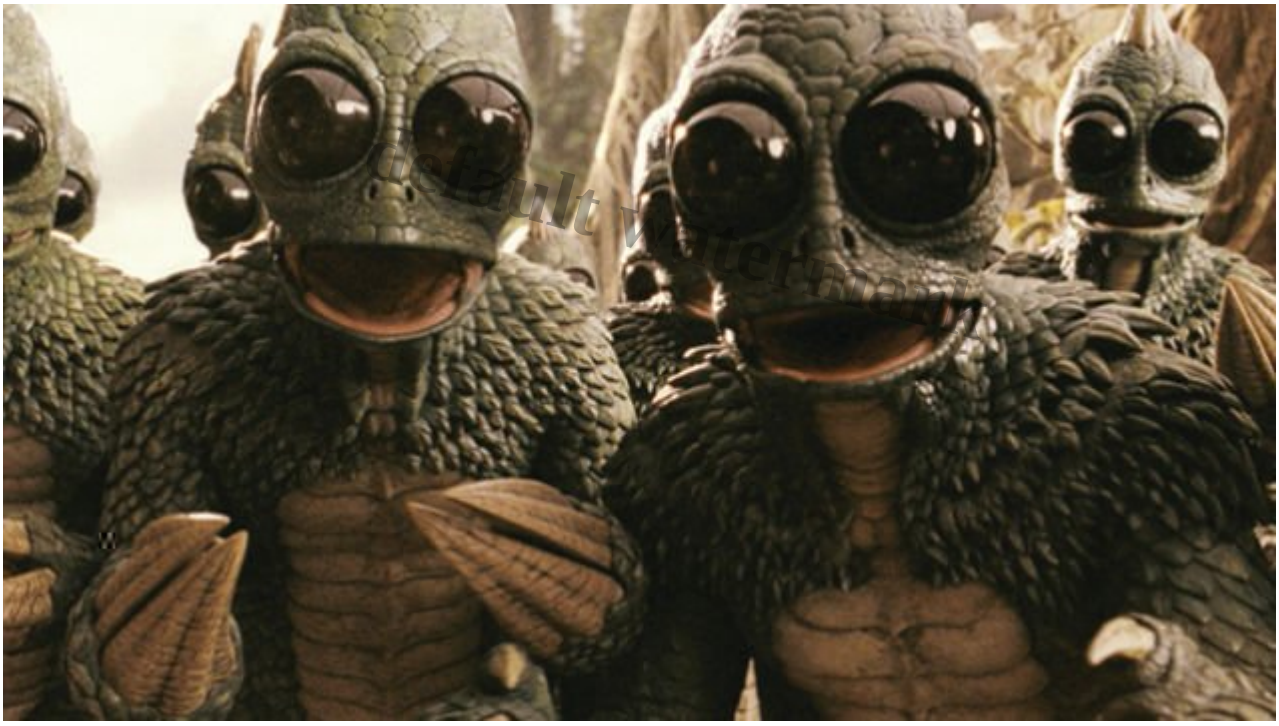
water until they both began to breath like fish. Eventually they swan and arrived at a village in the middle of a swamp. The people looked like ugly lizards. They had rusty colored scales on their body, feet and tails. They worked constantly to control and expand their surrounding territory. She was kept in a room away from them. Her husband, in lizard form, carried out his commitments. The lizards wanted her to bear some human looking children that would live among humans. She became afraid and wanted to go home. They would not let her go.

An old lizard man imprisoned among them saw her distress. He told her the only way to escape was to dive into the water, swim for shore and never look back. Once on the beach, â??Run awayâ?•, he said. One day she swam away. Her husband and his family chased her and angrily yelled at her. She cried and wouldnâ??t look back. She got to the shore and ran home.



Stay, girl. He has a great personality!

Her mother and people were happy to see her. She was reminded that she did not know who this stranger was and should have listened to them.

The mask is coming off!

This ancient Mohawk story reminds us of stories today about the â??Anunakiâ?• and their reptilian bloodline. Researchers like David Icke, Michael Tsarion, John L. Coleman and many others have been revealing this ancient bloodline.

Donâ??t be fooled by appearances. Listen to your elders. â??Oblivionâ?•, a 4 hours 45 minute video by David Icke, has historical and current information on this ancient bloodline. The last 40 minutes provides solutions on how to protect ourselves from â??the lizard peopleâ?•.

As King Crimson laments in their song â??Lizardâ?•, â??Make saffron Sabbath eyelids bleed. Scar the sacred tablet of wax on which the lizards feed.â?•King Crimson. â??Lizardâ?•.
