PLEASE POST & DISTRIBUTE:

MNN. June 29. 2017. Marshall law landed here over 500 years ago, imprisoning us in our own land. The masses cannot stop this by marching around and praying. The US republic of war is continuing to rob us. How do we safeguard our future generations from the continuing genocide? Fear and confusion is part of the illusion.

We were never conquered. We are one people. These tormenters and their helpers will be stopped.

Ono-ware-geh, great turtle island, will be cleansed of these filthy rats. No one in the world should die by their dirty hands. We cherish all life, innocent lives will not be taken or abused using our land as the base or our resources to make weapons of mass destruction.

INCORPORATION OF CANADA DAY JULY 1 â?? ISO #1366-2 CA 1867 REGISTERED AT THE VATICAN.

Those who are killed, starved and sacrifice their lives to survive are innocent and not terrorists.

Closing down newspapers and threatening to attack North Korea, Syria and Iran with pre-emptive strikes is to provoke war.

Americans are being prepared for martial law. Paid killers will carry out their genocide.

A medical holocaust is being created to reduce the population. Many will die by design.

The Americans are brainwashed to believe their lying politicians and media, to believe them and do nothing. USA is headed by psychopaths with no conscience.

Violence is meant to intimidate and control. We shall defend ourselves. They hear what we are saying. The Republic of War fears the great peace, kaia-nere-kowa. Americans always follow the leader, the one who has 51per cent majority. The war blade is the debt.

We have always resisted tyranny, we will redeem what is ours, the land, resources, air and water.

ITâ??S CULTURAL APPROPRIATION AND GENOCIDE.

We have always tested the enemyâ??s blade. Millions of our ancestors lived and died from the mass murder program, we remember their teachings. There can be no dialogue between a killer and a victim. The enemy must leave great turtle island and we will never make any appeals to these criminals.

We do not accept corporate rules to commit murder in broad daylight or anytime. We will have freedom because we have no fear for we stand with our mother.

The rulers have a master plan to cause a crisis in US and worldwide to make the people desperate. No medical coverage, senators gone home for the summer, everything up in the air.

Three types go into the military: Patriots from military families. Desperate uemployed. Serial killers, who are given he green light to kill men, women and children. Just like when they came here. Many opportunities for rapists.

this commander in chief is looking to get his golden opportunity through implementing martial law.

The Band sings about the pleas by the newcomers to be taken in: â??Madam, take me in. Let me be your friend. Wont you take me in. Let me be your friend Im a lonely boy. I aint got a home.â?•

UNITED NATIONS
GENOCIDE IS A CRIME UNDER INTERNATIONAL LAW
Genocide is occurring and needs to be stopped. The term 'genocide' does not refer only to the immediate physical killing of members of a group.
Although such an act would qualify as genocide, an act can also qualify if it involves the slow destruction of a group by various means qv (also see Raphael Lemkin).
The Convention on the Prevention and Punishment of the Crime of Genocide was adopted by the United Nations General Assembly on 9th December 1948 as General Assembly Resolution 260 and came into force in 1951.
Article 2 of the convention defines genocide as:
any of the following acts committed with intent to destroy, in whole or in part, a national, ethnical, racial or religious group, as such:
(a) Killing members of the group;
(b) Causing serious bodily or mental harm to members of the group;
(c) Deliberately inflicting on the group conditions of life calculated
(d) Imposing measures intended to prevent births within the group;
(e) Forcibly transferring children of the group to another group.
And Article 3 defines the crimes that can be punished under the convention:
(a) Genocide;
(b) Conspiracy to commit genocide;
(c) Direct and public incitement to commit genocide;
(d) Attempt to commit genocide;
(e) Complicity in genocide.
In Britain there are various social and political policies that could qualify as genocide under Article 2, e.g. mass immigration, with no form of separation, inflicts the conditions of life upon a group that are known to bring about its physical destruction in whole or part, (e.g. by mixed partnerships having children). The question of intent is separable from the question of motive – and intent is evidenced. In fact, in some cases, motive to commit genocide is shown, (e.g. the explicit expressions of the desire to create a 'coffee-coloured race').
INACTION WITH KNOWLEDGE OF THE OCCURRENCE OF GENOCIDE IS COMPLICITY
Complicity in genocide is punishable under Article 3 of the UN convention.
Please raise this matter and do all you can.
Please act now before it is too late.
