MNN. August 14, 2017. Our children are not being taught, they are being educated, ose-ni-kon-ro-hareh, to wash away our natural instincts to protect ourselves. Our children become defenceless as they are removed from natural ways designed by creation.

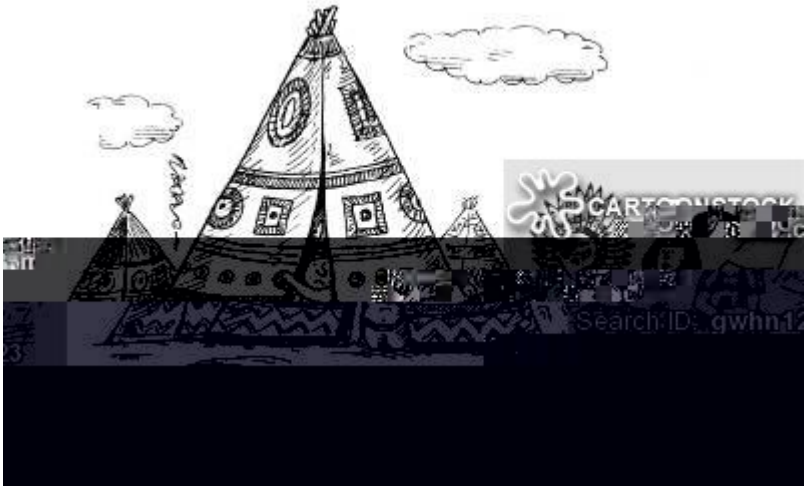
BAND/TRIBAL COUNCILS & THEIR COHORTS: â??WE COULDNâ??T GET ON THE SHIP OR THE CANOEâ?•.

Other people are training their minds to be obedient without question and to live without thanking the land.

We are constantly 
where these ideas come from.

They are being trained to be controlled by the state, church and corporate institutions. We are being removed from the land so the invaders cancontinue to rape and pillage our mother. They are not being taught the skills to survive. We need to help our children take control of their own minds and live with the land to achieve our destiny.

Our seniors have been exposed to residential schools and religion. Their mind has difficulty functioning as creation intended. The residential school mentality continues in mainstream schools.



DOES HE HAVE THE SEEDS FOR THE NEXT THOUSAND YEARS?

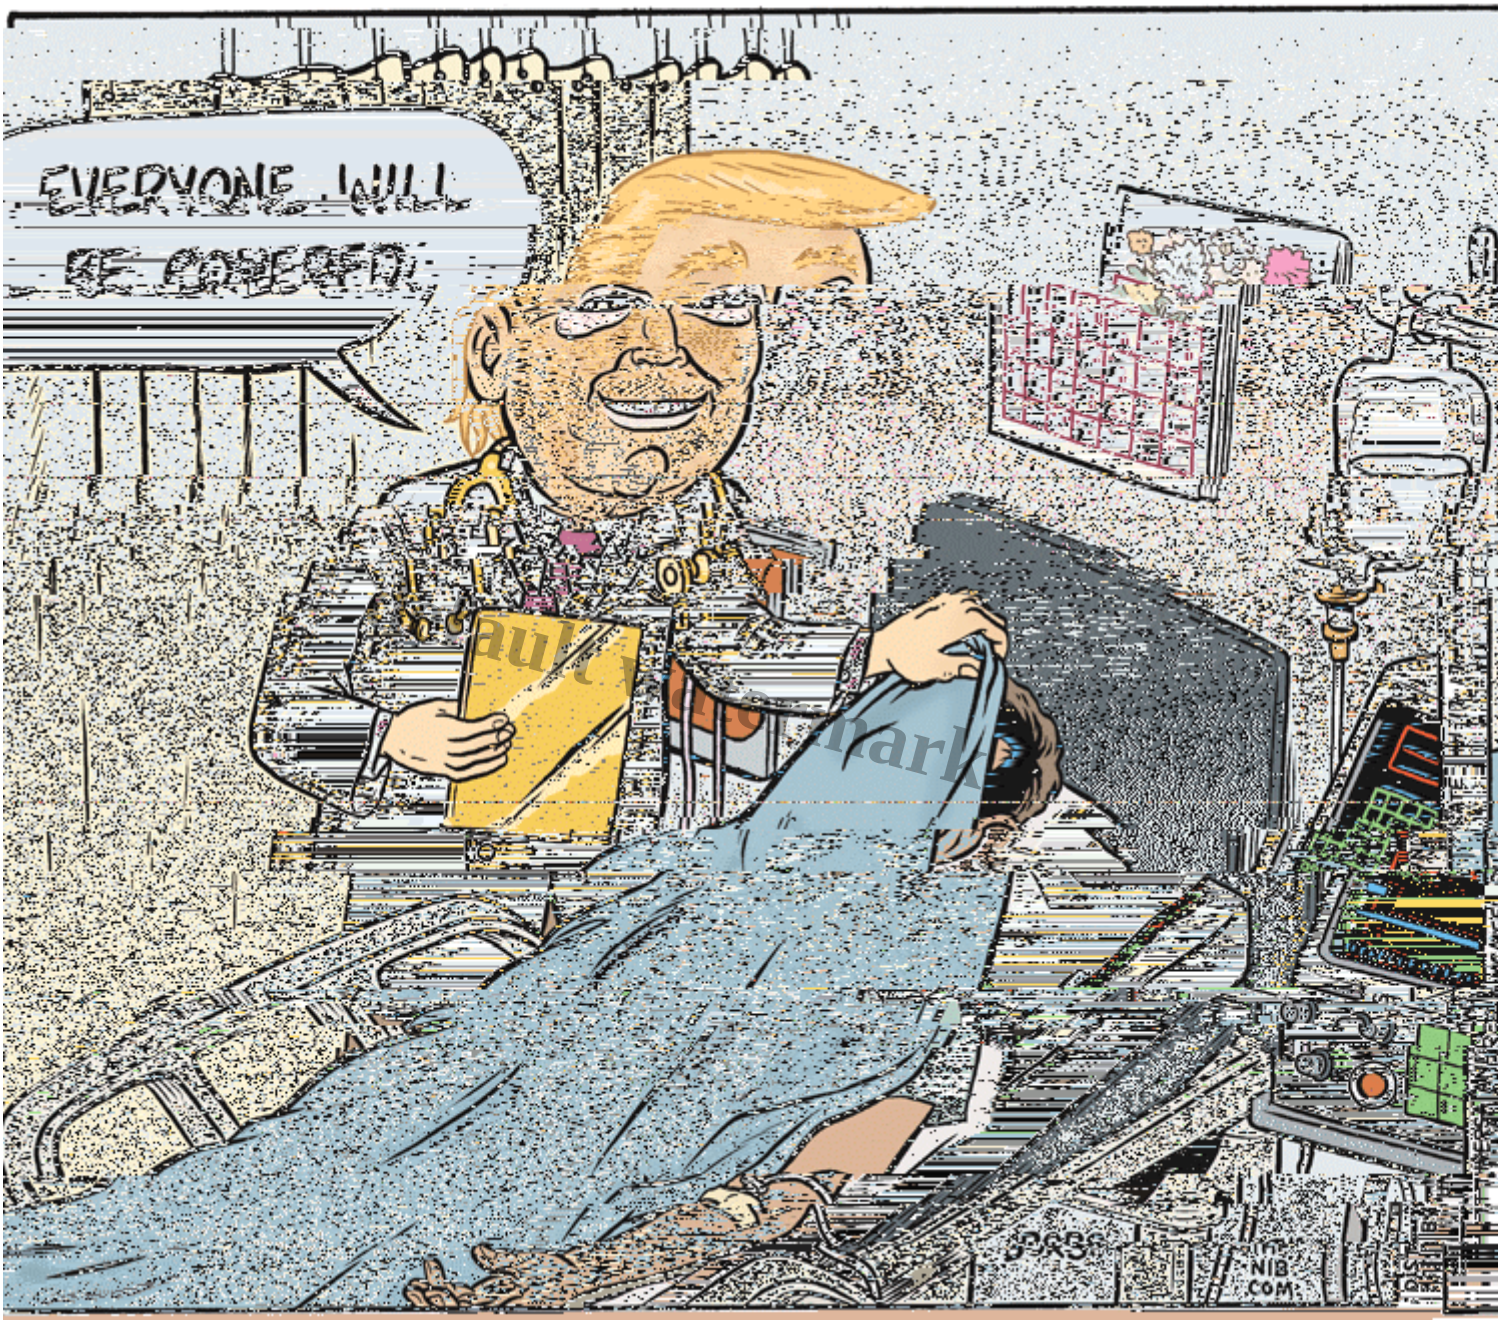
Our people created a brilliant language and cultural advancements before 1492. The greatest minds in the world were on turtle island that strived towards world peace and true humanity, as we then knew the world.

Today our teachings come from books written by the enemies. Those from our people are based on research from their libraries. Our true scholars are rejected if they write contrary to the ideology of mainstream academia. We are failing both ourselves and our children from learning the natural reality.

There are two ways to fight: change or take a hard line. We are conforming. Those who question everything are blacklisted. We are convinced we have to be part of the enemyâ??s economy and work for them.

We have been placed on a limited land base to restrict and control our survival.

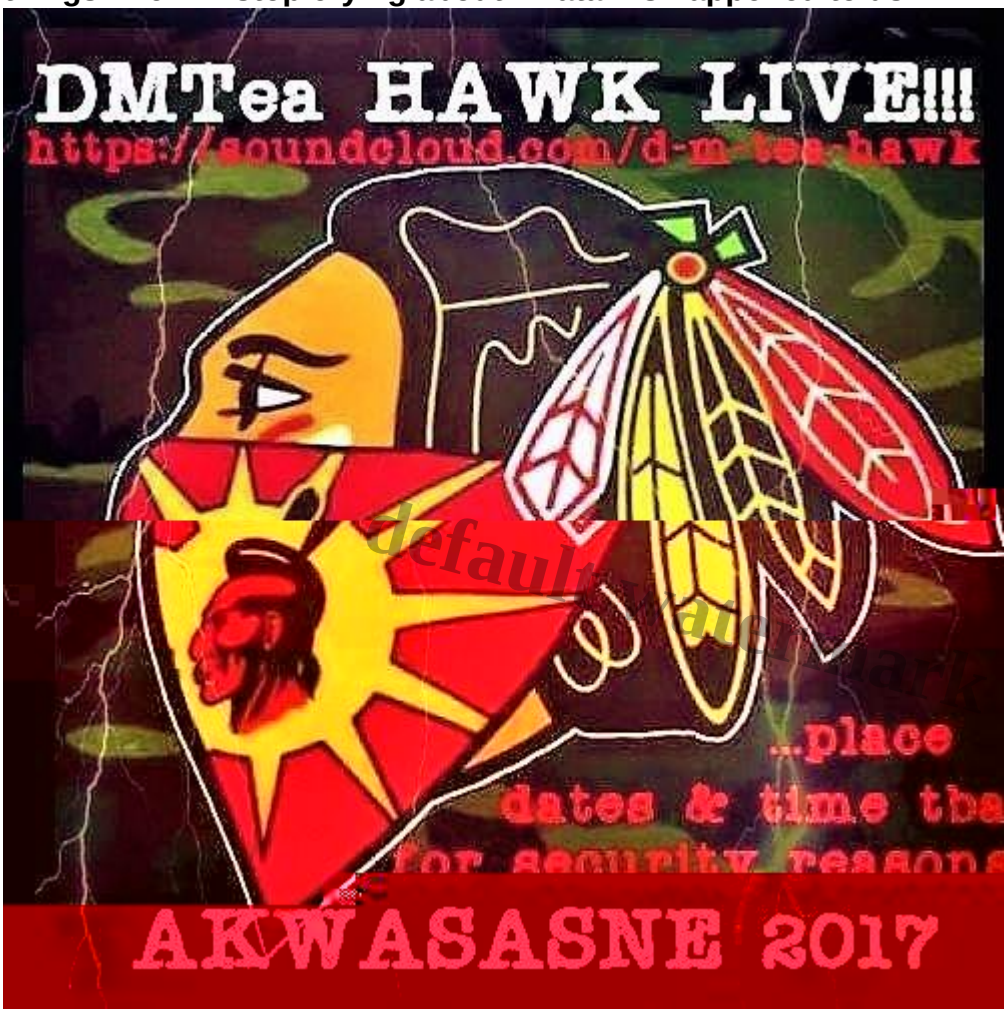
If the Caucasian disappears from great turtle island, they will leave behind many casualties. They developed a system so that our people fight each other, fight for the colonial settlers and help enforce their will on us.



THREE GENERATIONS TO GO.

The Caucasian low sperm count means they will be gone. They can still have seeds but if they donâ??t have fertile soil, they canâ??t naturally grow their crops.

Our seeds are forever. Corn, beans and squash can be put away for thousands of years. Our people can take them to the land and leave behind televisions, cars, computers and material things. We will stop crying about whatâ??s happened to us.



Vern Gosdin, sings about the power of true memories: *â??What would your memories do, If someday they found the door to my mind Had been locked from inside by my heart. What would they do if they couldnâ??t use you any longer*
To tear me apart. What would your memories do?..â?•
