MNN. May 27, 2018. Chucky, the Killer Doll, was asked, â??Why do you kill?â?• He answered, â??Itâ??s a hobby. It helps me to relaxâ?•. She asked, â??Am I going to be a killer?â?• Chucky answered, â??Of course! Itâ??s been a family tradition for generations.â?• She asked, â??But violence is bad. Isnâ??t it? We have a problem with killing.â?• Chucky commented, â??We donâ??t have a problem with killing. I like a little killing now and then. Whatâ??s wrong with that? Killing is an addiction like any other drug.â?• Question, â??Chucky, quit right now. Go cold turkey!â?• Chucky replies, â??You have got to be kidding!â?•

â??HEY, GANG. LETâ??S ORGY ON JULY 1 & JULY 4. THEN SAY â??SORRYâ?? & FORGET IT!â?•

They glorify and celebrate wars and mass murder. The invaders invaded and set up a criminal society on our land. They always try to pretend to be good guys. They terrorized and mass murdered over 125 million natives of the Americas to steal everything. Everything on turtle island belongs to natives.

Chucky is a demonically sadistic doll who personifies the American spirit of serial killing that dwells in their psyche.

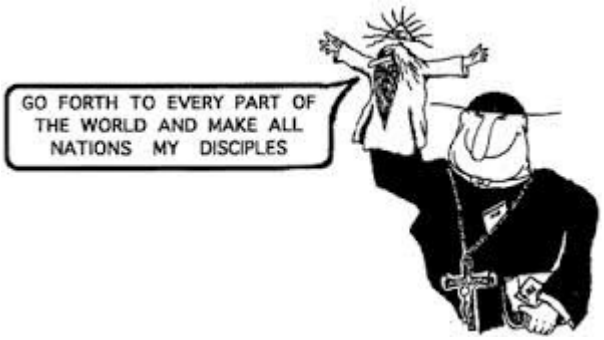
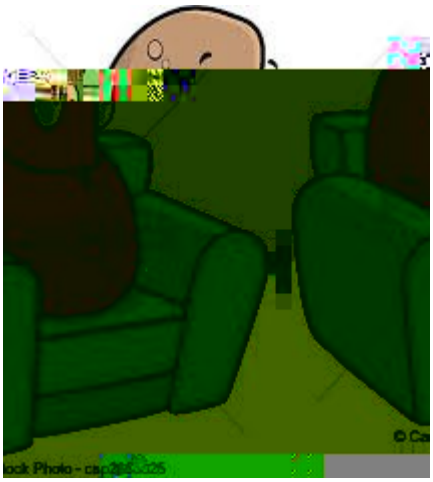
Chucky is the hero of the invaders who continue to bludgeoned us for cheap thrills and then block out all memory of it. A few are fooled by the charm and quick wit of the American fake doll face, especially the Assembly of First Nations AFN and their corporate cohorts. Today Chucky is the model for children to copy. Then their parents and and society teach them how to hide their real gross infected selves. Chucky represents getting away with serial killing, brutality and criminality which is the foundation of their consciousness.



â?¦ AMONG THE ROTINOâ??SHONNI BRAINWASHING IS CALLED THE â??HANDSOME LAKE RELIGIONâ?•.

Chucky is about isolation, selfishness and weakness like the native story about â??Windigoâ?•, the cannibalistic monsters that kills and eats its victims. Windigo has a thirst for blood and to infect healthy people and communities with evil. They have extremely bad breath and body odor. They inject their personality into their victim. Residential schools, the Indian Act, band councils, the 60s scoop, the corporations of Canada and US are manifestations of the Chucky/Wendigo form of cruel colonization.



AFN WINDIGO LURES THE VICTIMS INTO THE GENOCIDE.

WIndigo will stalk, overpower and devour its victim. Windigo can be subdued by cutting out its icy heart and melting it in a roaring fire.

Americans suffer from Chucky and Windigo psychosis to kill and devour all life. Natives who refuse to share are considered monsters, which is the basis of capitalism and corporate consumerism.

Frankenchucky is the American psyche that is celebrated as July 1 â??Canada Dayâ?• and July 4 as â??US Independence Dayâ?•. The murders of native people will never stop until the people start massive major resistance by any means necessary.

In the myths the Windigo has to be executed, buried and their grave covered with a large pile of logs. Joni Mitchell says: â??God must be a boogie manâ?• *â??Blind rage to kill, whyâ??d he let them talk him down to cheap work and cheap thrills. In the plan, oh, the insulting plan. God must have been a Boogie Manâ?•.*
