

## US CANADA PONZI CRASH!

### Description

**MNN. Oct. 13, 2013.** The ultra secret Communications Security Establishment Canada CSEC has been caught stealing minerals, oil, gas and resources is their path to grow. They are not cooperating with the theft of Great Turtle

Island.

Prime Minister Harper appointed Dr. Arthur Porter of Sierra Leone to head the CSEC spy commission. Then he headed the McGill University/SNC Lavalin mega hospital construction. After stealing over \$22 million, he left. Now he is in a Panama jail, awaiting extradition to Canada for money laundering and various Ponzi scams.

***Dr. Porter: "How dare you. Steve Harper is my partner!"***

**A few international bankers control the worldwide Ponzi scams. They make the rules and take their cut of every corporate transaction in the world that uses the US Dollar, without working. War and taxes maintain this con. Ordinary people pay the taxes for the debt to the bankers.**

**The privately-owned "Federal Reserve System" prints the money, lends it at interest to those who steal our resources, conducts war and tries to take as much from us as possible.**

**In this con, everybody needs the signature of the beast, the bank. The bankers set up credit reporting agencies, card companies, financial institutions, pensions, mutual funds, insurance schemes, licenses for anything, charitable and religious organizations and so on to keep track of their victims. They detect, investigate, prosecute and punish.**

**In Canada residential school death camps were outside the state's scrutiny and regulatory power. The government laundered the stolen Indian Trust Fund through these institutions, as a "non-taxable gift". We landlords were put on third world out-of-the-way communities in the bush to be kept out of sight until we died off. This did not happen.**

**US and Canada are corporate Ponzi**

**schemes. When their debt is more than their liabilities, the bankers file for bankruptcy, as they**

did in dissolving Detroit. US and Canada have overspent. We land, resource and fund owners are in the way. We will soon stop their reliance on our ever-growing \$450 Trillion Indian Trust Fund, to be returned to us.

Like all Ponzi schemes, countries are calling in their investments. When US and Canada refuse to pay, they may have to invade to nullify their debt.

These crooks don't change. Scamming is natural and morally acceptable to them. They train, organize and supervise other people to oppress us for them. They came with nothing. They're going back to the 'Fatherland' to rot in their jails! They'd have nothing without the help of their band and tribal council "Injuns", who continue to help their puppet masters commit genocide. Soon they will come before us to answer for their crimes.

We agree with what the Arabs wish for their enemies:

Bing Crosby reminds us of the hardship of having very little after a lifetime of work: *"Once I built a tower, up to the sun, brick, and rivet, and lime; Once I built a tower, now it's done. Brother, can you spare a dime?"* [Bing Crosby: "Brother, Can You Spare a Dime?"](#)
