children is like 1917  
have bread to eat.

programmed to kill.

Judge Frederick Scullin is protecting the NYS Troopers that beat unarmed men, women, children and babies with baseball bats in 1997. He wants the cops to get away with attempted murder. The court is

trying to throw out the case so there is no record or memory of this attack.

Actions like this are decided at places like Bohemian Grove where the elite meet over a campfire. The families and sons of the upper crust go there to be groomed and initiated to run the empire.

## New World Disorder!

At Standing Rock the corporation is stirring up action so they can murder the water protectors. The world clearly sees where the empire is headed.

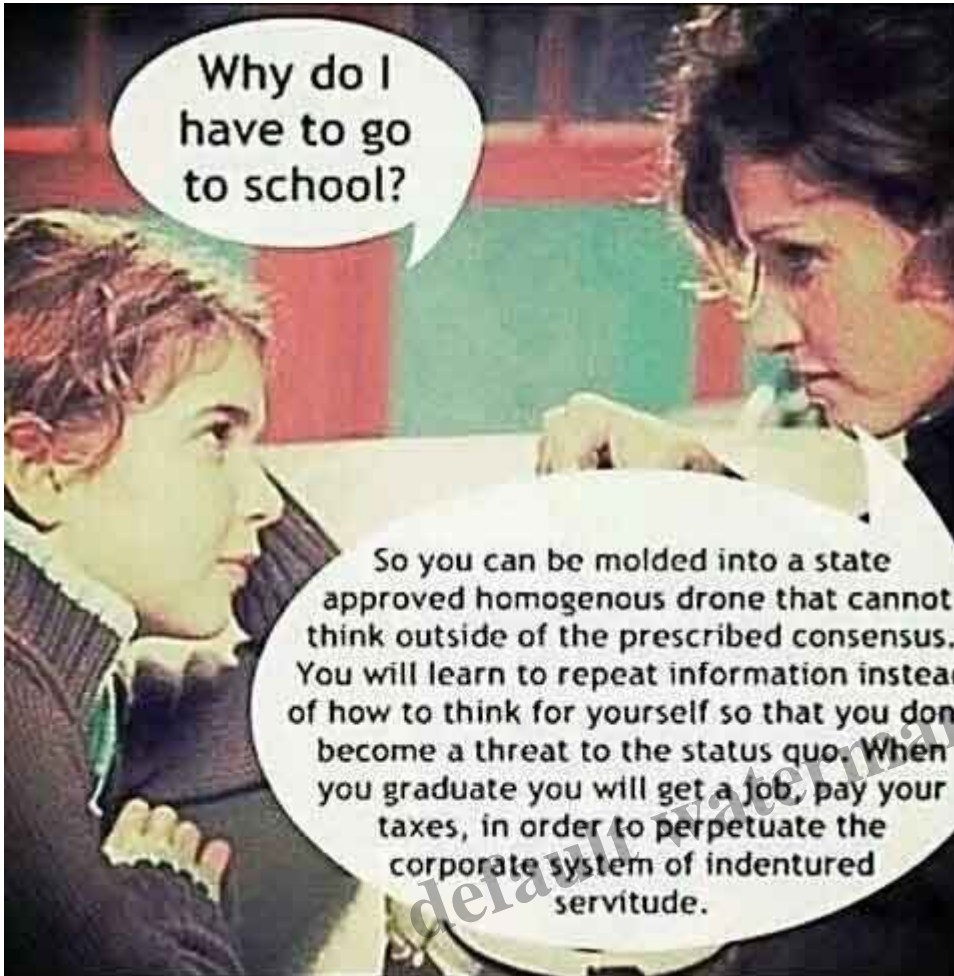

The corporation is an intruder trying to take over the natural world. The pipeline is putting themselves atop nature. The railroad did the same. The army went ahead of the work crew. The corporation trains its soldiers to create war, confusion, discord and frustration everywhere.

War is the corporation's harvest. Band and tribal councils are the corporation's 'fellow travellers'. The NWO sets up the leaders to serve the corporation.

Natural people of the earth are in the way. No evidence of our existence is needed to get control of the world. The corporation will not dominate the world by dissolving us.

**Ever wonder how they were created?**

Those who don't comply will go to jail or to the insane asylum run by the corporate lunatics.

**Corporation road.**

The UN is a trap door to the NWO concentration camp. We are supposedly categorized according to

our commercial value. Then we'll have to submit so we can earn a living and feed ourselves, or stay alive. Same old, same old.

Corporatism is cured by establishing liability for the shareholders.

Jim Croce says: ***"Yeah you don't tug on superman's cape. You don't spit into the wind. You don't pull the mask off the old lone ranger. And you don't mess around with slim".***

\*[DUMMY CORPORATION](#): US and Canada are dummy corporations that illegally occupy great turtle island, pretending to be countries. They have no land. Their culture and language are foreign.
