

SO MUCH FOR REAL JUSTICE

Description

 or type unknown

Please post & distribute.

MNN. 15, 2016. In Syracuse court, Room 6, 12th floor, Judge Frederick Scullin made the 16 plaintiff self-lawyers [pro se] sit like good soldiers in neat rows, with name cards in front of us! We got a list of dos and don'ts like when to stand, sit or go to the toilet. He named Ryan Poplawski 315-565-4500 as our federal procedures advisor.

“Get in your seats and stay there”.

The four death squad troopers who beat plaintiff Robert Bucktooth almost to a pulp were dropped from the case in 2005 by some tricky secret procedure. The lawyers and the state never consulted us.

What's her clan?

The judge could not pronounce our names. Then he suddenly revealed that his wife is a Mohawk INDIAN princess. He could not recall her royal lineage even after living with her for 50 years.

Most documents we filed were irrelevant. The matrix is trying to exonerate them of any crime they committed. We think it's a coverup.

Is the kaia'nere:kowa terrifying the NYS judicial system? Scullin [Bones] is picking the jury by questioning the candidates. It will be a 4 week trial, 4 days a week.

He picked as sole evidence a lame video that shows the deadly troopers standing around enjoying the nice day doing nothing. He rejected the one that showed the same I-81 INDIAN Detail beating us mercilessly with wooden batons. He doesn't want the jury to see any of the real evidence of the state police beating down on the men, women and children. This video is part of the disclosures sent to us from our former lawyers.

'Stop Police Brutality!'

Ollie Gibson, on behalf of the Onondaga tribal chiefs Inc., helped make up the "hit list" for the I-81

paramilitary force. We got a worse beating than Rodney King.

Our ambulance chasing scummies, Terrance *"Take-this-settlement-and-shut-up"* Hoffman, Gonzo, Pagan and the others deliberately mislead us by delaying the civil action until the time the statute of limitations expired for the criminal charges. Under the kaia'nere:kowa there is no statute of limitation for crimes against the people.

We could not see the faces of the masked goons without their name badges while we were fighting for our lives.

A question was raised about a person who was not there on May 18, 1997 whose testimony is being used to drop the charges against Trooper Jos. Smith.

Blythe: "We have to stay out of town for a month".

Main defendants are NYS troopers James Parmley, George Beach, Jos. Smith and Dennis J. Blythe. Blythe will not testify as he escaped jurisdiction by going on a safari somewhere out of state where he gets his pension. He was the investigator of the Bureau of Criminal Investigation that spent 12 years with the Onondaga chiefs planning the break up of the Iroquois Confederacy.

NYS Asst. Attorney General Timothy *"Jack-Rabbit"* Mulvey, kept jumping up and down like he needed to pee. He wanted to dump a few more pounds of papers and binders on us.

Scullin said continuously, "You may disagree with my decision but that's my decision. If you don't like it, appeal it!" He's suppressing justice by blocking the truth. He said the phoney settlement they made with the other 72 plaintiffs is irrelevant to our case! This should be provided to us as part of full disclosure.

Scullin: “You
onkwe’hon:weh are
always saying what we
don’t want to hear”.

We can only make a 5-minute opening statement after about 20 years of injustice and violence by New York State.

We lived through this horrific attack and continue the struggle for our children. Come and watch the circus “No Fair Trial Here” of judicial clowns performing at 100 South Clinton in Syracuse on September 20. [Come one. Come all!](#)

Roger Miller sings about judge anxiety: ***“Well, dang me, dang me. They oughta take a rope and hang me High from the highest tree. Woman, would you weep for me?”***
