Re: !! Tuesday/mardi (12h): Oppose CN's racism and colonialism; Liberez le prisonnier politique Mohawk Shawn Brant! (Montreal)[français ci-dessous]

At the August 12, 2007 People's Global Action (PGA) Consulta to plan actions

against the upcoming meeting of Bush/Harper/Calderon and the Security and Prosperity Partnership (SPP), the following resolution was passed unanimously:

"We call for the immediate release of Mohawk political prisoner Shawn Brant, without condition; we also re-iterate our support for the self-determination and sovereignty of the Mohawks of Tyendinaga."

Tangibly, in Montreal, a picket will be held against CN RAIL this Tuesday, August 14 at NOON, at the Central Train Station (more details below). The picket will be denounce CN's racist lawsuits against Mohawk protesters, including Shawn Brant. We will publicly stand for Shawn Brant's immediate release from prison.
