

## JULY 4 – IS IT “INDEPENDENCE”?

### Description

**MNN. July 4, 2015.** The Great Peace showed that we are not independent unless we understand how we are dependent and how we can come to one mind. July 4<sup>th</sup> is a religious day to show how to worship the Golden Calf, the falsest god, and to celebrate being owned by the corporation of the United States of America.

The endless hunger.

Our land was invaded by people trying to repeat the same success and use the same means as the billionaires of their original country. They arrived sick and diseased. The Great Peace had us pity them. We took care of them, clothed and fed them and healed their bodies but not their minds. They exploited our kindness. Some got rich. US society and laws worked for the rich but not for the poor. Their dependence will continue until Americans face up to the truth of their origins: war, genocide, theft, destruction of our land, imposition of the false party system to replace the clan system, the monetization of everything to create big banks to control all the money. Independence can only come from justice. They have to face us!

Ability to reason has been kept from these people. July 4<sup>th</sup> is a party to mask the poverty of their illusion. No wonder it is the biggest drunk of the year. The slaves get a day off. Eat hot dogs at the baseball game amid drunken hysteria, millions will be spent on fireworks while the homeless and a quarter of the children in the US go hungry. There will be arguing, fighting and killings. No one is safe. People will be wallowing in the muck of this lie, trying desperately to forget the illusion they live in.

True US believer!

The Americans think you can build a healthy society without being responsible to anyone but themselves. They love tyranny which they will turn to their own use. To change the system we must cut out the heart, which are the City of London and Wall Street. 13,000 men came and chopped down the tree of peace at Onondaga to break the Great Peace and to break the spirit of our people. They failed. They think in things and we think in ideas which can't be killed. Their Aristotle knew this. Last year his tree, which was preserved, was cut down for firewood because of their corporatism.

Canada is the preferred system for the new world because the slaves believe they are free even while they know they are not. In the US everyone has guns to free themselves, but they too are not free.

The corrupt Congress does not have to pretend to take care of the people anymore. The economy that benefits the 1% is put above societal needs. They get the profit. The people pay off their debts.

Party at the end of the world.

The Romans had theatres to divert the minds of the people, where the poor were entertained and could eat even while they had to starve at home. This is July 4<sup>th</sup>!

When kasatstensera kowa sa oiera [the great natural power] came, there was a true independenceday. Common sense showed how we would share and understand our dependence as creatures uponall living things. We then could be truly independent.

Chris Chistopherson [Me and Bobby McGree] sang that: "Freedom's just another word for nothin' left to lose, And nothin' left was all she left to me, Feelin' good was easy, Lord, when Bobby sang the blues, And buddy, that was good enough for me. Good enough for me and Bobby McGee". Of course, he's an American who understands that their system is broken.
