MNN. June 1, 2016. On May 16 the NYS judges and their crew called in the ambulance chasers and 76 plaintiffs in the Jones v. NYS Troopers case #98CV374 back to Syracuse court. They said in effect, “Come on, how much will it take to shut you up?” It seems the lawyers on all sides are playing out the rigged game to outwit us, the victims, and save the hides of their blood thirsty Troopers. The “Indian Ring” is pulling the strings.

“Oksa! Heard Syracuse court is giving out some wampum!”

Judge George Low reported that the Troopers will lose the case if it goes to trial. So he urged NYS to

settle financially. Not all are taking it. It was attempted mass murder of rotino'shonni on May 18, 1997 on Onondaga private property off Route 81!!

We want Bill Clinton, NYS Governor George Pataki, Attorney General Eliot Spitzer, Oren Lyons of Onondaga, military, police, politicians, judicial system, the shadow government, the corporate Onondaga chiefs, sell-outs, snitches and everyone at the great revealing at 100 Clinton St. The testimony of those who purportedly planned and carried out this heinous crime has to be put on the public record.

Fort Drum soldiers heading to Onondaga to stop a picnic.

What is the dollar value on genocide? They offer chump change! They should give us everything that is ours. They think they can give us some of our own money and call it "a reasonable offer"! Meanwhile 17 pro se [without lawyers] plaintiffs who refused to settle will be pressed into the judicial meat grinder being set up on September 20.

The "Indian Ring" is a combined noose of the War Department, Interior Department and Justice Department. They oversee the genocide designed by Europeans to outright kill us and steal everything.

We're out of the cupboard. When the Lone Ranger and Tonto were surrounded by all the onkwe'hon:weh, he asked, "Tonto, what are we going to do now?" Tonto answered, "What do you mean we, white man?"

“...and where is your badge, Parmley?”

That court room with the prosecutor and his team and the judge are all working to free the NYS thugs and to screw us. They want to make genocide and theft legal here and throughout the world.

Aren't the bar lawyers ashamed of their role in the worse genocide in the world? The Russians are so appalled that they are putting up a holocaust memorial dedicated to us in front of the US Embassy in Moscow. The world will know about the mass murder of a peaceful people.

Johnny Cash sings about the way it goes in a rigged court: *"In about 5 minutes in was led a man, holding the verdict in his right hand. The verdict read in the first degree and I hollered 'lordy, lordy, have mercy on me'. The judge he smiled as he picked up his pen, '99 years in the Folsom Pen'. 99 years underneath that ground and I can't forget the day I shot that bad bitch down. Come on people, listen to me. Lay off that whisky and let that cocaine be". [Cocaine Blues].*
