NOTICE OF OBJECTION to dumping 8 billion litres of raw otah, medical and industrial waste into kanaatarowanen:onwe, the river of the kanion'ke:haka. tionni'tiotake, presently known as the "city of Montreal", is located on the land of the onkwe'honwe:neh. kaia'nere:kowa is the law of the land. teiohateh is the basis of the agreement by which non-ongwe'hon:weh live in the settlement known as "Montreal" by which they agreed to adhere to the natural laws of this land, according to the 1701 Great Peace of Montreal. Montreal, a foreign entity, was incorporated in 1831, sanctioned by William IV of England.

DATE: Oct. 7, 2015

FROM: According to Wampum 44 of the kaia'nere:kowa, the kahtihon'tia:kwenio of the rotinoshonni:onwe, the women are the "progenitors of the soil" of our nation and caretakers of the land, water and air for the rotikonso:tatie. The kohtihon'tia:kwenio have legal title to all of tionni'tiotake, which is illegally occupied by the city of Montreal. England had no authority from us to establish Montreal. Their only authority is over its own people, not over our land.

NOTICE TO: city of Montreal

Montreal is desecrating our mother by dumping raw otah, medical and industrial waste into our river.

OBJECTION TO:

1. Invasion and occupation of ganienkeh of rotino'shonni:onwe territory by the

CROWN and their agents, Canada and Quebec, i.e. Montreal; and

2.The refusal of agents of the CROWNS of Canada and Quebec to abide by their obligations under the kaia'nere:kowa, the law of the land.

WHEREAS kaia'nere:kowa is firmly committed to establishing worldwide peace by protecting our mother on her, within her and above her.

WHEREAS both the CROWN and its agents are violating the heart of ganiengeh; and

WHEREAS non-ongwe'hon:weh agents are dumping poisons into kanaatarowanen:onwe which will kill life and disfigure the life that does survive. When we refer to water, it means the sacred life sustaining liquid. When it is contaminated it can no longer sustain life. It becomes a weapon of mass destruction to all life.

THEREFORE AS agents of the CROWN have fraudulently taken our land and violate the kaia'nereh:kowa and teio'ha:the, and have established corporate entities on our land without our consent to undermine our mother;

The kohtihon'tia:kwenio demand that Montreal:

- 1.Cease and desist immediately the dumping of raw otah, bio-medical and industrial waste into our river, trespassing and exploiting our territory;
2. Respect the teio'ha:teh as the basis of our relationship which was agreed upon;
- 3.put first the concern for all coming life that depend on ohneh'kanos. Do not commit damage to our world by deliberately killing nature and our source of all life which depends on natural law.
- 4.Resources be allocated immediately on the well-being of our future generations.

Whereas:

Cease and desist. We all have a responsibility to support our mother and all life. Ohneganos, the sacred life giving liquid, is the only guaranteed source of life, which must not be poisoned.
