The reason this time is different. The legislatures of Sir Caucasian are deliberating on our national and racial demise. They shall pass an order in council declaring us dead, nationally and racially. They shall declare that we have joined their nations and are no longer legally Indians. They shall proclaim that the Indian race is no more and the nations of that race have joined the white race.***

***"There are Indians who want this. They want to commit racial and national suicide. Anyone who commits suicide whether physical or national is unsound. He no longer has the instinct of self preservation for his physical or national life...." [page 17 REBUILDING THE IROQUOIS CONFEDERACY.] Read book:***
