

MNN: WHO OWES WHO? INDIAN TRUST FUNDS

Description

[mnnlogo1](#) WHO OWES WHO? INDIAN TRUST FUNDS

MNN. Jan. 22, 2013. All the money to run the Corporation of Canada comes from interest on the Indian Trust Fund. This revenue comes from exploitation of our land and resources.

In 1907 Canada declared us as non-persons so they could control our money, lives and future. They gave themselves power of attorney without our permission. According to the Trust Fund Management System, the Indian Affairs Minister can manage our money as if he was our parent. He can collect, receive, hold it, decide how to manage and spend it without our knowledge or consent.

Indian Affairs Trust Funds managers.

The shareholders of the Corporations of the United States, Canada and the UN are getting filthy rich playing with our trust funds. Very little comes to us. Most goes to their friends, corporations and governments.

Indian Affairs website states that "any licences, permits and other instruments to individuals and organizations" that exploits our resources belongs to us. Otherwise, there would be no need for a cabal known as Indian Affairs. They distribute 10% or more of the interest to the Vatican, International Monetary Fund, World Bank, international banks, the Queen and the bloodline families.

Indian Affairs suspense accounts are from businesses run on our behalf by the Corporation of Canada. Public Accounts of Canada monies cannot be disbursed or given to us.

The Environmental Studies Research Fund Accounts belong to us. Special Accounts are individual and band accounts which we never see.

Indian Estate Accounts are from deceased Indigenous, or those deemed incompetent and “missing”. They collect and hold money on dead Indians. On every child monies due is collected and kept.

Not included are the vast royalties from deals between the provinces and multinational corporations for our natural resources. The following table shows what Indian Affairs admits to taking and distributing to each province. They answer only to the bankers.

The following table summarizes the overall trust account and suspense account closing balances managed by each region for as of March 31, 2009:

* While IOGC does not maintain any trust account balances, it represents the flow-through organization for all receipts related to oil and gas revenue, including royalties, rents and bonuses.

Payouts to provinces of oil, gas, royalties, rents & bonuses.

It's all ending. These new omnibus bills like C45 shows that the Corporation of Canada is trying to steal whatever it can and then flee with the loot. We will not be extinguished through their new fascist bills.

We will put in place a fair distribution system for our people to take control of our land and resources.

Sir William Johnson, King George's representative in North America, told him that the Iroquois were not his subjects. "Any man who dared tell us we are subjects of a foreign power, no sooner were those words spoken would his throat be split. You better have a good army at your back if you make that claim. We are slaves to no one."

band/tribal councils falling between canoe & master's boat.

All resources are ours. Our funds are illegally held in trust for us by some very untrustworthy people. Remember that the colonial band and tribal councils are all incorporated and the councilors are chief executive officers. They try to steer the canoe for the boat master, violating the Guswentha.

As Mick Jagger sang: "Just as every cop is a criminal, and all the sinners saints. As heads is tails, just call me Lucifer. I'm in need of some restraint." Misdirection, confusion, greed, will all be cast down.
