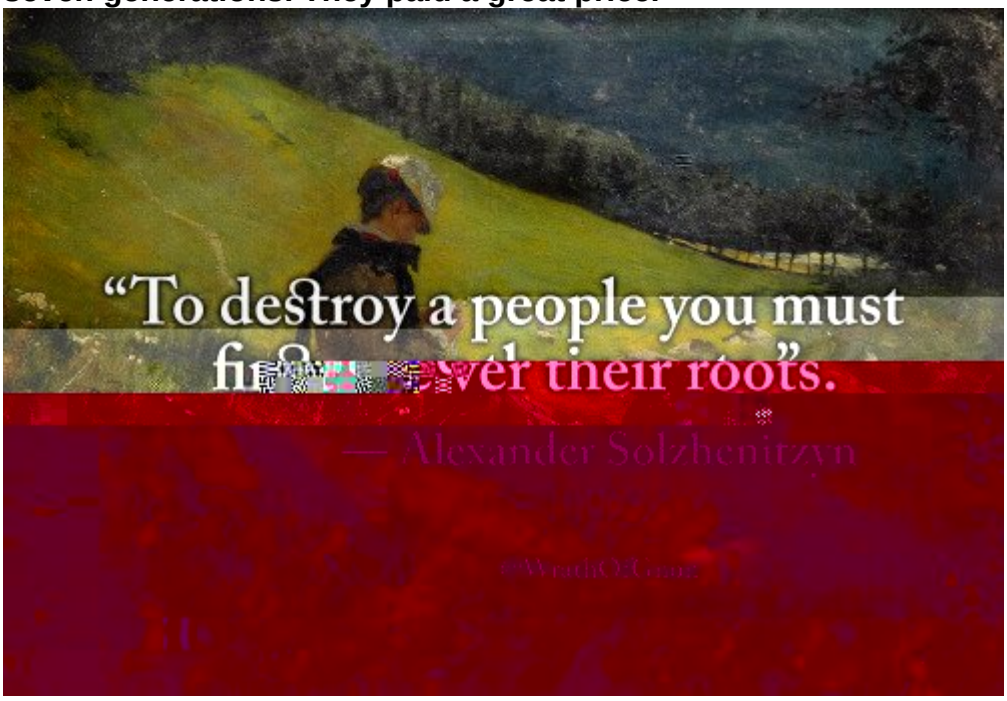
MNN. Oct. 3, 2017. What is our childrenâ??s legacy? kasotsra made the life we live. Our ancestors tried to retain a philosophy and principle of creationâ??s intent for us and for the seven generations. They paid a great price.



We need a true understanding of being onkwe-hon-weh, the true people of the land.

All dictatorships come down including the US Republic of War. The volatile nature of the white man can no longer be risked. They eradicated most of us. He has a disease. Its symptoms are hate, anger, rage and war. They lack true human emotion and can never be at peace. They think they must control human kind.

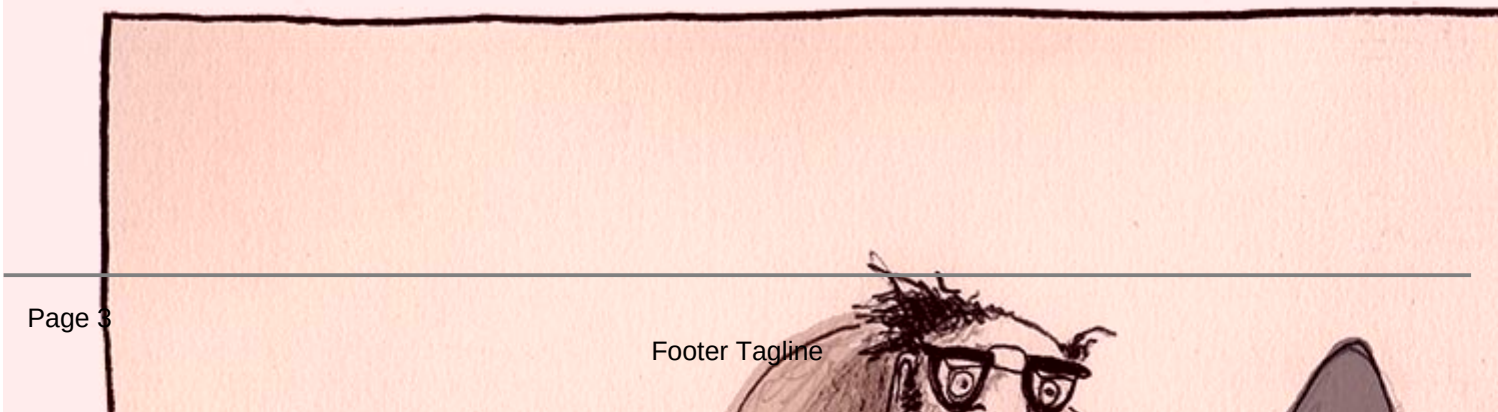
default watermark

North American invaders are terrified to look at their real history and all the twisted criminal minds that dropped their evil seed all across turtle island.

We were murdered and incinerated without regard or guilt. Now the corporation is trying to process us for the final execution. We have to deal with that. Everybody inherits both the good and the bad.

Their language creates the meaningless phrases and words to ask us for forgiveness, which are feelings they donâ??t experience. Everyone in the world knows about the mass murder of our people.

default watermark



Before they came we no longer had wars, prisons or murder. We live by our true senses following our instincts to survive according to the original instructions of creation. The kaia-nere-kowa, great peace,

The white manâ??s repu **rs is to feel. They donâ??t know** **t always feels like a clock ticking.**

Their future is continued insanity, hate, jealousy, rage, no true joy that could make the white people great. Karonhiaktajeh said, â??Iâ??m still waiting for that so-called civilization they promised to bring over here from the old countryâ?•.

USA: â??WE CANâ??T EXIST WITHOUT THE REPUBLIC OF WAR!â?•
