MNN. 15, 2016. A constitution is the will of a free people. The kaia'nere:kowa, the great peace, favors nature. It represents the things to live in harmony with the natural world. Our title is based on us born generations. They own all the assets and

have all the power.

Canada is not a country. It doesn't have a constitution. It has a corporate "charter". Constitution is never mentioned in the House of Commons. The corporate colonial charter of Canada is called the "British North America Act of 1867". It runs a business using the resources of the forthcoming children of the original people. Canada's charter is concerned about banking, railroads, oil, insurance companies, pipelines, real estate and so on to abuse our future children. There is no statute of limitation on mass murder.

Chief: "Don't ask them. Just change the rules!"

When the corporation dissolves, the creditors must be compensated. Future business ventures will be based on the kaia'nere:kowa, where everyone serves nature.

Today the corporate entities have to get our prior and informed consent to use the land and resources of our children. In fact, we natural people cannot sit at the table with subordinate artificially created illegal entities who rape our land.

The corporation of Canada has a limited duration, from one election to the next. Canada can be dissolved when no one votes. The Liberal Party is now ramming through a bill to change election laws without a referendum of the people.

A dictatorship is when the rules of engagement in a democracy are changed without going to the people. No one knows how the votes are counted in Canada. Politicians are not elected, but selected in all ranks – band/tribal councils, municipalities, provincial and federal governments and so on.

The business plan is to try to carry out the final solution of the INDIAN problem by 2024. It is conducted in the Indian Affairs war room. Our minds are supposed to be totally colonized and we are to be assimilated into the corporate body politic. In the end they hope to take over all of our assets.

Corporatism ends when the power returns to the land. To stay on ono'ware:geh, great turtle island, everyone has to follow the kaia'nere:kowa, the great peace. The corporate 51% majority of those who vote allows war to continue. This elite controlled system must be eradicated.

Corporate Canada is a private company owned by the CROWN. Trudeau took an oath to the Queen, not to the people or to the land, so the CROWN can continue their illusion of freedom in their military corporation called Canada.

And the men who spurred us on, Sit in judgment of all wrong. . Meet the new boss. He's the same as the old boss."* [**"Won't Get Fooled Again"**]
