MNN. Feb. 15, 2016. The whistle blowers are tooting their horn! They are the catalyst for change, like Julian Assange, Edward Snowden and others. The white handlers use corporate INDIANS for their tax free status, to enrich themselves. Rumor has it that a gaggle of corporate INDIANS are in The Isle of Man where secret off-shore accounts of onkwe'hon:weh funds have been set up and used. CROWN flunkies keep their stolen booty in off-shore tax havens. We wonder if there is a skull and crossbones symbol on their mode of transportation!

The economic hit man is in firm control of this banker instigated trap. Our land may even be put up as collateral so corporate INDIANS and their partners can access money from the international bankers. We onkwe'hon:weh owners of all natural assets to great turtle island. If we ask questions these deals could crash. They need a corporate ID and verification from bankers who are the main shareholders. Corporate receipts are provided to the band or tribal councils to conduct international banking. They are not legitimate onkwe'hon:weh representatives. The Mohawk Council of Kahnawake Inc. is a corporate body known as Indian Reserve IR 14, which is a prisoner of war camp set up in 1924 and later incorporated as a band council. The economic hit man of Kahnawake is suddenly quitting his job and leaving. Is he going to live near the bank where he can siphon off the loot? When they schemed and rubbed their hands, did they plan to run and hide with the stolen spoils for the rest of their lives?

How did we become complacent or ignorant to these frauds? Through well-planned pacification systems by the trained military and university handlers and assets planted among us. In the 1980's a priest arrived in Kahnawake. As a teacher, he got the confidence of the youth. [DC-260-7952C8304](#)
Loyola University of Chicago social systems training.

In the mid 1980s a young shoshone-paiute onkwe'hon:weh finished his stint in the US navy. He was recruited by the military to be trained as an asset in this mind pacification and restructuring system to control his own people. He was sent to Loyola University of Chicago where he met kahna'wake:ronon, VK and JD. They were apparently taking this training. He quit and left.

As the fraudsters are on the banker's ship, the whistle blowers are tooting their horn here to the tune of Van Morrison: *"And when that fog horn whistle blows, I got to hear it. I don't have to fear it and I want to rock your gypsy soul, Just like way back in the days of old. And together we will flow into the mystic".*
