MNN. SEPT. 19, 2016. Prayer is like a fart under the blanket. When disaster hits, people ask for prayers. Why? We acknowledge creation in our own way to ourselves. Our constitution doesn't mention it. You can smell a fart. After a while you don't even smell it anymore. It goes from your behind to your nose. Only the farter and their partner smell it and get the benefit, if any.

It's time to get out from under the blanket where we've been for 500 years. Prayers never saved us. We've been smelling our own fart over and over again. We need to smell the fresh air as nature intended.

The ship came here and brought a load of pacification/prayers.

An old elder said that when he was a young man he was a warrior man of action. It wasn't prayer that brought success when he needed a clear mind, clean nostrils and good reflexes.

The biggest s.b.d. [silent but deadly] fart in the world is the Pope whose fart doesn't penetrate the atmosphere because he hides it under his heavy skirt. Don't stand too close to him because spontaneous internal combustion might kill us all!

The trial of the Onondaga 15 in Syracuse smells like the worst silent but deadly, moldy, fart. [@ 100 South Clinton]

He wanted us to pray while he farted.

Maybe we should have a world fart day for peace where everyone participates and feels better. Would it help? Prayers never did. We have to try something new. In the meantime we need fresh air to think and find solutions. We should be talking about world peace, not prayer. *tekanaratatis*

As Frank Zappa teaches about shysterism: **“The mystery man came over and said, ‘I’m outta sight’. He said for a nominal service charge I could reach Nirvana tonight. Well, I was ready, willing and able to pay him his regular fee. He said he would drop all his present affairs and devote his attention to me. And he said, ‘Look here, brother, who you jiving with that cosmik debris?’”**

May 18, 1997: hundreds of militarized NY state troopers in riot gear -operating as a specially formed unit, "I-81 INDIAN Detail"- brutally assaulted hundreds of Haudenosaunee people gathered to discuss issues harming their communities. During opening ceremony prayer baton wielding police -operating under the instructions to "do no harm to no one and take anyone you can"- began beating and clubbing babies, children, women, men, elders, and Clan Mothers. The brutality included throwing babies out of carriages causing one to require a double legged cast for their injuries. Children assaulted and arrested included an 11 year old and 14 year old girl who was manhandled and slammed to the ground. This continues to impact the health and well being of all who were present; many live with painful lasting injuries and psychological trauma.
