MNN. Apr. 28, 2015. 4 days ago a Napanee Gun Chatter website called Kanionkehaka/Mohawks criminals, "They're killing all the fishing. We should do something about it". Every spring when the pickerel return to tyendinaga we deal with this maniac settler colonialism. Unknown men on dirt bikes showed up in someone's backyard. Another. Two days ago two Mohawk men went to Quinte, Tyler

Maracle 21 and Matt Fairman 26.

The Ontario Provincial Police was called to help find them. Hundreds of people showed up to search the shores. A broken oar was found in the water. On the other side of the bay their jackets, cellphone and weighters were found. No boat nor bodies have been found as of yet. Cops did little. The chopper came for one hour, went on to Barry.

Like Onondaga, this community is run by the military with the help of the incorporated band council and mayors of the surrounding towns. The Councils' job is to know about every INDIAN in the community and to keep us all in darkness.

In October 25, 1924 colonial Indian Lands Acts were illegally passed by Canada, a colony of Britain. The Corporation of Canada set up Prisoner of War Camps called "Indian reservations" and expanded the Department of Indians under direct army control. The I.R. number is the POW camp number. Commissioned and non-commissioned officers are the managers and planners.

Fences went up. Indian agents and guards tended the gate. Soldiers taught in our schools. Passes and permission were needed to leave. We lost all our land and had to work for those who stole it. The Indian agents were our sheep dogs until the 60s. Now the INDIANS can guard themselves, overseen

by the band/tribal councils under the watchful eye of the army. The sheep dogs are gone. Perfect form of slavery is when the sheep are controlling themselves with no sheep dog.

The 14th floor “war room” at Indian Affairs is part of the Department of Defense. Each area surrounding our ongwehonwe communities have multi-phased Police Operational Response Plans designed by the military. The army is involved in everything that happens in the POW camps. Police are on stand-by. The investigator in charge is in daily contact with the band councils.

Napanee Gun Chatter website are probably cops and military from nearby Trenton Air Force Base. Canada's Bill C-51 anti-terror bill is making protesting against the government and corporations a criminal act.

Dekanawida said: “The white serpent will momentarily drop the ongwe’hon:weh, who will fall to the ground like a baby and crawl to the hilly country to heal.

The Geneva Convention in 1929 provides that POW camps are for containment of enemy combatants or belligerent captives, C51 sees us as the prime enemy of the corporation of Canada, a military corporation run out of Indians Affairs. These POW camps are being privatized to be sold and to remove us. In his 100 year plan to be rid of the Indian problem, Duncan Campbell Scott said, “We will absorb all of the Indians into the corporate body politic”. Israel and the other British colonies want to legalize genocide to maintain their illegal empire.

Our men are vital. They are charged with the protection, defence and welfare of the people. They take many forms, such as peacekeeping, teaching, speaking to the people, repossessing lost lands, maintaining human rights and diplomatic relations. We cherish our men.

As Bon Scott of ACDC says about breaking out of jail for good: ***“I aint spending my life here. I ain’t living alone. Ain’t breaking no rocks on the chain gang. I’m breaking out and heading home”.***
