Dr. F. Cyril James,  
Principal and Vice-Chancellor,  
McGill University.

Dear Dr. James:

The arrangement which you and I discussed concerning the rental of downtown space for certain of our research field workers is now complete insofar that funds have been freed whereby the hospital can rent such space through the University.

You will recall from previous discussions that we shall require up to 10 rooms, and that the University has agreed to furnish these rooms. No laboratory equipment is required.

I am asking Dr. Turner to write to you confirming the fact that the Hospital will rent from the University such space up to a total of \$5,000 per annum. I should be obliged if you would let me know how soon we may expect occupancy in the former Red Cross building, which I believe is the building which you have in mind.

Yours sincerely,

D. Ewen Cameron, M.D.
